About us

- Home Health Solutions Group is committed to providing a level of quality care that encourages the safe and cost-effective delivery of home health services, maximizing patient autonomy, and coordination of community and Agency resources, to decrease illness burden and unnecessary duplication of services, thereby promoting positive patient outcomes.
- Home Health Solutions Group is an Equal Opportunity Employer and provides services to clients without regard to age, race, religion, sex, sexual orientation, national origin or disability.
- We help our patients recover at home so they can live as independently as possible after a hospital stay. Home health also plays an important role in helping people avoid going to the hospital in the first place.
- Program services assist family members, caregivers, and service providers in understanding the often-complicated health care, human services and legal issues that are frequently confronted by the elder population and disable persons of all ages.

HHSG Interactive Caregiving. Our Approach to Elders, Older Adults and Senior Care

Our distinctive approach to elder care is at the very heart of Home Health Solutions Group. One of the most important things to elders, older adults and seniors is the ability to remain in the comfort of their own homes for as long as possible. Home Health Solutions Group can help make this a reality. Our caregivers receive meticulous training in our HSH Interactive Caregiving approach to care. A blend of strategies that emphasizes full engagement and interaction. The goal is to improve the quality of life and help elders, older adults and seniors to maintain their independence for as long as possible. Home Health Solutions Group delivers essential personal care, companionship, and housekeeping services and our interactive care approach is what does that caregivers and clients believe makes all the difference.
